SIGGRAPH Master Classes - August 6 - 8, 2007

San Diego, Calif., United States (Seminar)

Don't miss out on this year's Autodesk Master Classes! Presented in San Diego, Calif., from August 6 - 8, 2007, this year's program features three days of unparalleled learning. Take advantage of intermediate to advanced sessions covering a wide variety of techniques and workflows in Autodesk® Maya®, Autodesk® 3ds Max®, and Autodesk® MotionBuilder™ software applications. Learn production-tested techniques and gain insight into industry-expert solutions that will help save you time and energy. Our intensive program presents more than 20 sessions offered over the course of three information-packed days. Presented by industry pros and Autodesk Product Specialists, Autodesk Master Classes are your key to accessing invaluable solutions you can implement right away. You'll also be able to take advantage of great deals in our bookstore and network with friends and peers in the lounge. Don't miss the 3D training event of the year!
